Election/Restrictions

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-15 and 37-42, drawn to formulation comprising an antisense polynucleotide to connexin.

Group II, claim(s) 16-19, 31, and 32, drawn to treatment of neuronal cell with antisense to connexin.

Group III, claim(s) 16, 20-23, 26, 31, 33, and 35, drawn to a method of promoting wound healing via antisense to connexin.

Group IV, claim(s) 16, 24, 25, 31 and 34, drawn to a method of reducing inflammation via antisense to connexin.

Group V, claim(s) 16, 27-30, 31, and 36, drawn to a method of rejuvenating or thickening for a cosmetic or therapeutic purpose via antisense to connexin.

The inventions listed as Groups I-V do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Ruch et al [Molecular Carcinogenesis, Vol. 14 No. 4: 269-274, 12, 1995] disclose antisense to connexin 43. This disclosure destroys any special technical feature linking the groups.

Claims 16 and 31 are generic to Groups II-V and will be examined limited to the subject matter of the invention elected.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

This application does not comply with 37 C.F.R. 1.821(d). **Applicant must comply with 37 C.F.R. 1.821(d) in response to this Restriction requirement for the response to be considered complete.**
